

This is a message from the Law Firm of Brenna and Brenna, because we think it's important for you to understand that Road Rage is just an excuse.

A label.

A reason to explain away an act of selfish childlike insensitivity.

It is an untruthful reason for failing to control one's own actions. Much like making up a lame excuse for an adult temper tantrum.

Don't allow anyone to escape personal responsibility or their obligation to society to behave as thoughtful, mature human beings.

When someone is rude or stupid it's their own fault. We can't allow them to adopt a phony disease or fake diagnosis to rationalize their own irresponsibility. We just shouldn't stand for it. It's that simple.

Air Rage, Road Rage, whatever you call it, it's just wrong, and we need to send a clear message to those who would try to shield themselves from the natural consequences of their own unlawful conduct.

Instead of looking to blame others for our shortcomings, we'd all be better off if we looked inside ourselves first.
